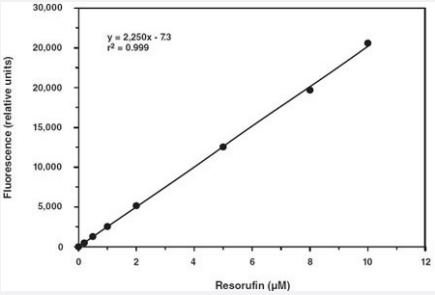
MPO Peroxidation Assay Kit

Catalog # KA1338 Size 1 Kit

Applications



The standard curve is for the purpose of illustration only and should not be used to calculate unknowns. A standard curve should be generated each time the assay is performed.

Specification

Product Description	MPO Peroxidation Assay Kit is a fluorescence-based method for detecting the myeloperoxidas peroxidase activity.
Regulation Status	For research use only (RUO)
Storage Instruction	Store the kit at -20°C temporarily. For best results, store the components as described in the protocol.

Applications

- Functional Study
