Bovine Serum Albumin

Catalog # U0938 Size 25 mg

Specification

Product Description	Bovine Serum Albumin (BSA) is a 583 amino acid protein consisting of three homologous full alpha structural domains. BSA is a spherical protein essential for the transport of molecules such as fatty a cids, drugs and hormones from the blood. It is used in many biochemical applications as a drug carri er for biologically active compounds.
Form	Lyophilized
Purity	98%
Storage Instruction	Store at -20°C. Aliquot to avoid repeated freezing and thawing.
Note	For research use only.

Applications

- In vitro Transcription
