CST1 rabbit monoclonal antibody

Catalog # H00001469-K

Specification

Size 100 ug x up to 3

Specification	
Product Description	Rabbit monoclonal antibody raised against a human CST1 peptide using ARM Technology.
Immunogen	A synthetic peptide of human CST1 is used for rabbit immunization. Customer or Abnova will decide on the preferred peptide sequence.
Host	Rabbit
Library Construction	Non-fusion antibody library from rabbit spleen (ARM Technology).
Expression	Overexpression vector and transfection into 293H cell line.
Reactivity	Human
Purification	Protein A
lsotype	lgG
Quality Control Testing	Antibody reactive against human CST1 peptide by ELISA and mammalian transfected lysate by Wes tern Blot.
Storage Buffer	In 1x PBS, pH 7.4
Storage Instruction	Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.
Deliverable	Up to three rabbit IgG clones of 100 ug each will be delivered to customer.
Note	 Customer may provide cell or tissue lysate for antibody screening. Rabbit monoclonal antibody generated by ARM technology is amenable to antibody engineering in cluding F(ab)₂, lgG, scFv and different Fc and non-Fc conjugates per customer request.

Applications

• Western Blot (Transfected lysate)

Protocol Download

• ELISA

Gene Info — CST1	
Entrez GenelD	<u>1469</u>
GeneBank Accession#	<u>CST1</u>
Gene Name	CST1
Gene Alias	-
Gene Description	cystatin SN
Omim ID	<u>123855</u>
Gene Ontology	Hyperlink
Gene Summary	The cystatin superfamily encompasses proteins that contain multiple cystatin-like sequences. So me of the members are active cysteine protease inhibitors, while others have lost or perhaps nev er acquired this inhibitory activity. There are three inhibitory families in the superfamily, including t he type 1 cystatins (stefins), type 2 cystatins and the kininogens. The type 2 cystatin proteins are a class of cysteine protective functions. The cystatin locus on chromosome 20 contains the major ity of the type 2 cystatin genes and pseudogenes. This gene is located in the cystatin locus and en codes a cysteine proteinase inhibitor found in saliva, tears, urine, and seminal fluid. [provided by RefSeq
Other Designations	OTTHUMP00000030444 OTTHUMP00000164184 cystatin 1 cystatin SA-I cysteine proteinase in hibitor, type 2 family

Disease

- Diabetes Mellitus
- Genetic Predisposition to Disease
- Insulin Resistance
