

FGA (Human) IP-WB Antibody Pair

Catalog # H00002243-PW1

Size 1 Set

Applications

Immunoprecipitation of FGA transfected lysate using mouse monoclonal anti-FGA and Protein A Magnetic Bead ([U0007](#)), and immunoblotted with rabbit polyclonal anti-FGA.

Specification

Product Description	This IP-WB antibody pair set comes with one antibody for immunoprecipitation and another to detect the precipitated protein in western blot.
Reactivity	Human
Quality Control Testing	Immunoprecipitation-Western Blot (IP-WB) Immunoprecipitation of FGA transfected lysate using mouse monoclonal anti-FGA and Protein A Magnetic Bead (U0007), and immunoblotted with rabbit polyclonal anti-FGA.
Supplied Product	Antibody pair set content: 1. Antibody pair for IP: mouse monoclonal anti-FGA (300 ug) 2. Antibody pair for WB: rabbit polyclonal anti-FGA (50 ul)
Storage Instruction	Store reagents of the antibody pair set at -20°C or lower. Please aliquot to avoid repeated freeze thaw cycle. Reagents should be returned to -20°C storage immediately after use.

Applications

- Immunoprecipitation-Western Blot

Gene Info — FGA

Entrez GeneID [2243](#)

Gene Name FGA

Gene Alias Fib2, MGC119422, MGC119423, MGC119425

Gene Description fibrinogen alpha chain

Omim ID [105200](#) [134820](#) [202400](#)

Gene Ontology [Hyperlink](#)

Gene Summary

The protein encoded by this gene is the alpha component of fibrinogen, a blood-borne glycoprotein comprised of three pairs of nonidentical polypeptide chains. Following vascular injury, fibrinogen is cleaved by thrombin to form fibrin which is the most abundant component of blood clots. In addition, various cleavage products of fibrinogen and fibrin regulate cell adhesion and spreading, display vasoconstrictor and chemotactic activities, and are mitogens for several cell types. Mutations in this gene lead to several disorders, including dysfibrinogenemia, hypofibrinogenemia, afibrinogenemia and renal amyloidosis. Alternative splicing results in two isoforms which vary in the carboxy-terminus. [provided by RefSeq]

Other Designations

fibrinogen, A alpha polypeptide|fibrinogen, alpha chain, isoform alpha preproprotein|fibrinogen, alpha polypeptide
