

# GYG1 polyclonal antibody (A01)

Catalog # H00002992-A01

Size 50 uL

## Applications

Western Blot detection against Immunogen (34.14 KDa) .

## Specification

|                                      |                                                                                                          |
|--------------------------------------|----------------------------------------------------------------------------------------------------------|
| <b>Product Description</b>           | Mouse polyclonal antibody raised against a partial recombinant GYG1.                                     |
| <b>Immunogen</b>                     | GYG1 (NP_004121, 1 a.a. ~ 73 a.a) partial recombinant protein with GST tag.                              |
| <b>Sequence</b>                      | MTDQAFVTLTTNDAYAKGALVLGSSLKQHRTRRLVVLATPQVSDSMRKVLETVFDEVIMVDVLD<br>SGDSAHLT                             |
| <b>Host</b>                          | Mouse                                                                                                    |
| <b>Reactivity</b>                    | Human                                                                                                    |
| <b>Interspecies Antigen Sequence</b> | Mouse (95); Rat (97)                                                                                     |
| <b>Quality Control Testing</b>       | Antibody Reactive Against Recombinant Protein.<br>Western Blot detection against Immunogen (34.14 KDa) . |
| <b>Storage Buffer</b>                | 50 % glycerol                                                                                            |
| <b>Storage Instruction</b>           | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.                                 |

## Applications

- Western Blot (Recombinant protein)

[Protocol Download](#)

- ELISA
