

MaxPab®

# JUNB MaxPab mouse polyclonal antibody (B01)

Catalog # H00003726-B01

Size 50 uL

## Applications

### Western Blot (Transfected lysate)

Western Blot analysis of JUNB expression in transfected 293T cell line ([H00003726-T01](#)) by JUNB MaxPab polyclonal antibody.

Lane 1: JUNB transfected lysate (38.17 kDa).

Lane 2: Non-transfected lysate.

## Specification

|                         |                                                                                                                                                                                                                                                                                                                                                                                |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Description     | Mouse polyclonal antibody raised against a full-length human JUNB protein.                                                                                                                                                                                                                                                                                                     |
| Immunogen               | JUNB (NP_002220.1, 1 a.a. ~ 347 a.a) full-length human protein.                                                                                                                                                                                                                                                                                                                |

| Reactivity              | Human                                                                                                                                                                                                                                                                                                                                                                          |
| Quality Control Testing | Antibody reactive against mammalian transfected lysate.                                                                                                                                                                                                                                                                                                                        |
| Storage Buffer          | No additive                                                                                                                                                                                                                                                                                                                                                                    |
| Storage Instruction     | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.                                                                                                                                                                                                                                                                                                       |
| Note                    | For IHC and IF applications, antibody purification with Protein A will be needed prior to use.                                                                                                                                                                                                                                                                                 |

## Applications

- Western Blot (Transfected lysate)

Western Blot analysis of JUNB expression in transfected 293T cell line ([H00003726-T01](#)) by JUNB MaxPab polyclonal antibody.

Lane 1: JUNB transfected lysate(38.17 KDa).

Lane 2: Non-transfected lysate.
