

# NOV rabbit monoclonal antibody

Catalog # H00004856-K      Size 100 ug x up to 3

## Specification

Product Description	Rabbit monoclonal antibody raised against a human NOV peptide using ARM Technology.
Immunogen	A synthetic peptide of human NOV is used for rabbit immunization. Customer or Abnova will decide on the preferred peptide sequence.
Host	Rabbit
Library Construction	Non-fusion antibody library from rabbit spleen ( <a href="#">ARM Technology</a> ).
Expression	Overexpression vector and transfection into 293H cell line.
Reactivity	Human
Purification	Protein A
Isotype	IgG
Quality Control Testing	Antibody reactive against human NOV peptide by ELISA and mammalian transfected lysate by Western Blot.
Storage Buffer	In 1x PBS, pH 7.4
Storage Instruction	Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.
Deliverable	Up to three rabbit IgG clones of 100 ug each will be delivered to customer.
Note	1. Customer may provide cell or tissue lysate for antibody screening. 2. Rabbit monoclonal antibody generated by ARM technology is amenable to antibody engineering including F(ab) <sub>2</sub> , IgG, scFv and different Fc and non-Fc conjugates per customer request.

## Applications

- Western Blot (Transfected lysate)

[Protocol Download](#)

- ELISA

## Gene Info — NOV

Entrez GeneID	<a href="#">4856</a>
---------------	----------------------

GeneBank Accession#	<a href="#">NOV</a>
---------------------	---------------------

Gene Name	NOV
-----------	-----

Gene Alias	CCN3, IGFBP9
------------	--------------

Gene Description	nephroblastoma overexpressed gene
------------------	-----------------------------------

Omim ID	<a href="#">164958</a>
---------	------------------------

Gene Ontology	<a href="#">Hyperlink</a>
---------------	---------------------------

Gene Summary	The protein encoded by this gene is a small secreted cysteine-rich protein and a member of the CCN family of regulatory proteins. CCN family proteins associate with the extracellular matrix and play an important role in cardiovascular and skeletal development, fibrosis and cancer development . [provided by RefSeq]
--------------	---

Other Designations	nephroblastoma overexpressed
--------------------	------------------------------
