

MaxPab®

SERPINE1 MaxPab mouse polyclonal antibody (B01)

Catalog # H00005054-B01

Size 50 uL

Applications

Western Blot (Tissue lysate)

SERPINE1 MaxPab polyclonal antibody. Western Blot analysis of SERPINE1 expression in human spleen.

Western Blot (Transfected lysate)

Western Blot analysis of SERPINE1 expression in transfected 293T cell line ([H00005054-T02](#)) by SERPINE1 MaxPab polyclonal antibody.

Lane 1: SERPINE1 transfected lysate(44.22 KDa).

Lane 2: Non-transfected lysate.

Specification

Product Description

Mouse polyclonal antibody raised against a full-length human SERPINE1 protein.

Immunogen

SERPINE1 (NP_000593, 1 a.a. ~ 402 a.a) full-length human protein.

VLFMGQVMEP

Host	Mouse
Reactivity	Human
Quality Control Testing	Antibody reactive against mammalian transfected lysate.
Storage Buffer	No additive
Storage Instruction	Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.
Note	For IHC and IF applications, antibody purification with Protein A will be needed prior to use.

Applications

- Western Blot (Tissue lysate)

SERPINE1 MaxPab polyclonal antibody. Western Blot analysis of SERPINE1 expression in human spleen.

Gene Info — SERPINE1

Entrez GeneID	5054
GeneBank Accession#	NM_000602
Protein Accession#	NP_000593
Gene Name	SERPINE1
Gene Alias	PAI, PAI-1, PAI1, PLANH1
Gene Description	serpin peptidase inhibitor, clade E (nexin, plasminogen activator inhibitor type 1), member 1
Omim ID	173360
Gene Ontology	Hyperlink

Gene Summary

This gene encodes a member of the serine proteinase inhibitor (serpin) superfamily. This member is the principal inhibitor of tissue plasminogen activator (tPA) and urokinase (uPA), and hence is an inhibitor of fibrinolysis. Defects in this gene are the cause of plasminogen activator inhibitor-1 deficiency (PAI-1 deficiency), and high concentrations of the gene product are associated with thrombophilia. Alternatively spliced transcript variants encoding different isoforms have been found for this gene. [provided by RefSeq]

Other Designations

plasminogen activator inhibitor, type I|plasminogen activator inhibitor-1|serine (or cysteine) proteinase inhibitor, clade E (nexin, plasminogen activator inhibitor type 1), member 1
