

DNAxPAb

Hard-to-Find  
Antibody

# SYPL1 DNAxPab

Catalog # H00006856-W01P

Size 200 ug

## Specification

|                         |                                                                                                           |
|-------------------------|-----------------------------------------------------------------------------------------------------------|
| Product Description     | Rabbit polyclonal antibody raised against a partial-length human SYPL1 DNA using DNAx™ Immune technology. |
| Technology              | <a href="#">DNAx™ Immune</a>                                                                              |
| Immunogen               | Extracellular membrane domain (ECD) human DNA                                                             |
| Host                    | Rabbit                                                                                                    |
| Reactivity              | Human                                                                                                     |
| Purification            | Protein A                                                                                                 |
| Quality Control Testing | Antibody reactive against mammalian transfected lysate.                                                   |
| Storage Buffer          | In 1x PBS, pH 7.4                                                                                         |
| Storage Instruction     | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.                                  |

## Applications

- Western Blot (Transfected lysate)

[Protocol Download](#)

- Immunofluorescence (Transfected cell)
- Flow Cytometry (Transfected cell)

## Gene Info — SYPL1

|                     |                                        |
