

MaxPab®

# TYMS purified MaxPab rabbit polyclonal antibody (D01P)

Catalog # H00007298-D01P

Size 100 ug

## Applications

### Western Blot (Transfected lysate)

Western Blot analysis of TYMS expression in transfected 293T cell line ([H00007298-T02](#)) by TYMS MaxPab polyclonal antibody.

Lane 1: TYMS transfected lysate(35.70 KDa).

Lane 2: Non-transfected lysate.

## Specification

### Product Description

Rabbit polyclonal antibody raised against a full-length human TYMS protein.

### Immunogen

TYMS (AAH13919.1, 1 a.a. ~ 313 a.a) full-length human protein.

### Sequence

MPVAGSELPRRPLPPAAQERDAEPRPPHGELQYLGGQIHILRCGVRKDDRTGTGTLGVFGMQAR  
YSLRDEFPLLTTRVFWKGVLEELLWFIKGSTNAKELSSKGVKIWDANGSRDFLDLGLGFSTREEG

IEPLKIQLRERPRFPKLRILRKVEKIDDFKAEDFQIEGYNPHTIKMEMAV

### Host

Rabbit

### Reactivity

Human

### Quality Control Testing

Antibody reactive against mammalian transfected lysate.

### Storage Buffer

In 1x PBS, pH 7.4

### Storage Instruction

Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.

## Applications

- Western Blot (Transfected lysate)

Western Blot analysis of TYMS expression in transfected 293T cell line ([H00007298-T02](#)) by TYMS MaxPab polyclonal antibody.

Lane 1: TYMS transfected lysate(35.70 KDa).

Lane 2: Non-transfected lysate.

| Gene Summary        | Thymidylate synthase catalyzes the methylation of deoxyuridylate to deoxythymidylate using 5,10-methylenetetrahydrofolate (methylene-THF) as a cofactor. This function maintains the dTMP (thymidine-5-prime monophosphate) pool critical for DNA replication and repair. The enzyme has been of interest as a target for cancer chemotherapeutic agents. It is considered to be the primary site of action for 5-fluorouracil, 5-fluoro-2-prime-deoxyuridine, and some folate analogs. Expression of this gene and that of a naturally occurring antisense transcript rTSalpha (GeneID:55556) vary inversely when cell-growth progresses from late-log to plateau phase. [provided by RefSeq] |
| Other Designations  | Thymidylate synthase                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
