| Quality Control Testing | Antibody reactive against mammalian transfected lysate.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| Storage Buffer          | In 1x PBS, pH 7.4                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| Storage Instruction     | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |

## Applications

- Western Blot (Transfected lysate)

[Protocol Download](#)

- Immunofluorescence (Transfected cell)

- Flow Cytometry (Transfected cell)

## Gene Info — KIAA0317

**Entrez GeneID** [9870](#)

**GeneBank Accession#** [BC032944.2](#)

**Protein Accession#** [AAH32944.1](#)

**Gene Name** KIAA0317

**Gene Alias** -

**Gene Description** KIAA0317

**Gene Ontology** [Hyperlink](#)

**Other Designations** hypothetical protein LOC9870
