

MaxPab®

# TNIP1 purified MaxPab mouse polyclonal antibody (B01P)

Catalog # H00010318-B01P

Size 50 ug

## Applications

### Western Blot (Transfected lysate)

Western Blot analysis of TNIP1 expression in transfected 293T cell line by TNIP1 MaxPab polyclonal antibody.

Lane 1: TNIP1 transfected lysate(69.96 KDa).

Lane 2: Non-transfected lysate.

### Immunofluorescence

Immunofluorescence of purified MaxPab antibody to TNIP1 on HeLa cell. [antibody concentration 10 ug/ml]

## Specification

### Product Description

Mouse polyclonal antibody raised against a full-length human TNIP1 protein.

### Immunogen

TNIP1 (NP\_006049, 1 a.a. ~ 636 a.a) full-length human protein.

|                               |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
