Hard-to-Find  
Antibody

## PSD4 DNAxPab

Catalog # H00023550-W01P

Size 200 ug

### Specification

|                         |                                                                                                          |
|-------------------------|----------------------------------------------------------------------------------------------------------|
| Product Description     | Rabbit polyclonal antibody raised against a partial-length human PSD4 DNA using DNAx™ Immune technology. |
| Technology              | <a href="#">DNAx™ Immune</a>                                                                             |
| Immunogen               | Extracellular membrane domain (ECD) human DNA                                                            |
| Host                    | Rabbit                                                                                                   |
| Reactivity              | Human                                                                                                    |
| Purification            | Protein A                                                                                                |
| Quality Control Testing | Antibody reactive against mammalian transfected lysate.                                                  |
| Storage Buffer          | In 1x PBS, pH 7.4                                                                                        |
| Storage Instruction     | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.                                 |

### Applications

- Western Blot (Transfected lysate)

[Protocol Download](#)

- Immunofluorescence (Transfected cell)
- Flow Cytometry (Transfected cell)

### Gene Info — PSD4

|                     |                                                                           |
|---------------------|---------------------------------------------------------------------------|
| Entrez GeneID       | <a href="#">23550</a>                                                     |
| GeneBank Accession# | <a href="#">EU176621.1</a>                                                |
| Protein Accession#  | <a href="#">ABW03422.1</a>                                                |
| Gene Name           | PSD4                                                                      |
| Gene Alias          | EFA6B, FLJ36237, FLJ37279, TIC                                            |
| Gene Description    | pleckstrin and Sec7 domain containing 4                                   |
| Gene Ontology       | <a href="#">Hyperlink</a>                                                 |
| Other Designations  | ADP-ribosylation factor guanine nucleotide-exchange factor 6 SEC7 homolog |
