

# C20orf10 monoclonal antibody (M01), clone 3C2

Catalog # H00027296-M01

Size 100 ug

## Applications

### Sandwich ELISA (Recombinant protein)

Detection limit for recombinant GST tagged TP53TG5 is 1 ng/ml as a capture antibody.

## Specification

|                               |                                                                                                                      |
|-------------------------------|----------------------------------------------------------------------------------------------------------------------|
| Product Description           | Mouse monoclonal antibody raised against a partial recombinant C20orf10.                                             |
| Immunogen                     | C20orf10 (AAH36785, 191 a.a. ~ 290 a.a) partial recombinant protein with GST tag. MW of the GST tag alone is 26 KDa. |
| Sequence                      | RNRTPMGHMKQLDVADQWIFEGLPTRHLPAPRVMCRSSTLRWVKRRCTRFCASLEMPMWH<br>PYKVDVTWTRARGASRGWRSRHLKGRNGWRNSRVYK                 |
| Host                          | Mouse                                                                                                                |
| Reactivity                    | Human                                                                                                                |
| Interspecies Antigen Sequence | Mouse (55); Rat (55)                                                                                                 |
| Isotype                       | IgG2a Kappa                                                                                                          |
| Quality Control Testing       | Antibody Reactive Against Recombinant Protein.                                                                       |
| Storage Buffer                | In 1x PBS, pH 7.4                                                                                                    |
| Storage Instruction           | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.                                             |

## Applications

- Sandwich ELISA (Recombinant protein)

Detection limit for recombinant GST tagged TP53TG5 is 1 ng/ml as a capture antibody.
