

# EVL (Human) Recombinant Protein (Q01)

Catalog # H00051466-Q01

Size 10 ug, 25 ug

## Applications

## Specification

|                                      |                                                                                                               |
|--------------------------------------|---------------------------------------------------------------------------------------------------------------|
| <b>Product Description</b>           | Human EVL partial ORF ( NP_057421, 309 a.a. - 418 a.a.) recombinant protein with GST-tag at N-terminal.       |
| <b>Sequence</b>                      | PGTRAASQPPNSSEAGRKPWERSNSVEKPVSSILSRTPSVAKSPEAKSPLQSQPHSRMKPAGSVNDMALDAFDLDRMKQEILEEVVRELHKVKEEIDAIRQELSGISTT |
| <b>Host</b>                          | Wheat Germ (in vitro)                                                                                         |
| <b>Theoretical MW (kDa)</b>          | 37.84                                                                                                         |
| <b>Interspecies Antigen Sequence</b> | Mouse (95)                                                                                                    |
| <b>Preparation Method</b>            | <a href="#">in vitro wheat germ expression system</a>                                                         |
| <b>Purification</b>                  | Glutathione Sepharose 4 Fast Flow                                                                             |
| <b>Quality Control Testing</b>       | 12.5% SDS-PAGE Stained with Coomassie Blue.                                                                   |
| <b>Storage Buffer</b>                | 50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer.                                      |
| <b>Storage Instruction</b>           | Store at -80°C. Aliquot to avoid repeated freezing and thawing.                                               |
| <b>Note</b>                          | Best use within three months from the date of receipt of this protein.                                        |

## Applications

- Enzyme-linked Immunoabsorbent Assay
- Western Blot (Recombinant protein)
- Antibody Production
- Protein Array

## Gene Info — EVL
