

DNAxPAb

Hard-to-Find
Antibody

GHRL DNAxPab

Catalog # H00051738-W01P

Size 200 ug

Specification

Product Description	Rabbit polyclonal antibody raised against a full-length human GHRL DNA using DNAx™ Immune technology.
Technology	DNAx™ Immune
Immunogen	Full-length human DNA
Sequence	MPSPGTVCLLLLGMLWDLAMAGSSFLSPEHQRVQQRKESKKPPAKLQPRALAGWLRPEDG GQAEGAEDEMEVRFNAPFDVGIKLSGVQYQQHSQALGKFLQDILWEEAKEAPADK
Host	Rabbit
Reactivity	Human
Purification	Protein A
Quality Control Testing	Antibody reactive against mammalian transfected lysate.
Storage Buffer	In 1x PBS, pH 7.4
Storage Instruction	Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.

Applications

- Western Blot (Transfected lysate)

[Protocol Download](#)

- Immunofluorescence (Transfected cell)
- Flow Cytometry (Transfected cell)

Gene Info — GHRL

Entrez GeneID [51738](#)

GeneBank Accession# [BC025791.1](#)

Protein Accession# [AAH25791.1](#)

Gene Name GHRL

Gene Alias MTLRP, obestatin

Gene Description ghrelin/obestatin prepropeptide

Omim ID [601665 605353](#)

Gene Ontology [Hyperlink](#)

Gene Summary

This gene encodes ghrelin-obestatin preproprotein, which generates ghrelin and obestatin. Ghrelin is an endogenous ligand for the growth hormone secretagogue receptor and is involved in regulating growth hormone release. Obestatin was initially reported to be an endogenous ligand for the orphan G protein-coupled receptor GPR39 and was involved in satiety and decreased food intake; however, these findings are controversial. Recent reports show that obestatin is involved in inhibiting thirst and anxiety, improving memory, regulating sleep, affecting cell proliferation, and increasing the secretion of pancreatic juice enzymes. Alternative promoters and alternative splicing result in multiple transcript variants, some of which encode different protein isoforms and some of which do not encode a protein but may regulate the ghrelin-obestatin preproprotein expression. In addition, antisense transcripts for this gene have been identified and may also function in regulation of the ghrelin-obestatin preproprotein expression. [provided by RefSeq]

Other Designations

ghrelin, growth hormone secretagogue receptor ligand|ghrelin/obestatin|ghrelin/obestatin preprohormone|motilin-related peptide
