

MaxPab®

# RMND1 purified MaxPab mouse polyclonal antibody (B01P)

Catalog # H00055005-B01P

Size 500 ug

## Specification

|                                      |                                                                                                                                                                                                                             |
|--------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Description</b>           | Mouse polyclonal antibody raised against a full-length human RMND1 protein.                                                                                                                                                 |
| <b>Immunogen</b>                     | RMND1 (AAH12081.1, 1 a.a. ~ 208 a.a) full-length human protein.                                                                                                                                                             |
| <b>Sequence</b>                      | MPATLLRAVARSHHILSKAHQCRRIGHMLKPLKEFENTTCSTLTIRQSLDLFLPDKTASGLNKSQIL<br>EMNQKKS DTSML SPLNAARCQDEKAHLPTMKSFGTHRRVTHKPNLLGSKWFIKLRHFSSVSTE<br>TFVPKQDFPQVKRPLKASRTRQPSRTNLPVLSVNEDLMHCTAFATADEYHLGNLSQDLASHGYV<br>EVTSLPRGTSS |
| <b>Host</b>                          | Mouse                                                                                                                                                                                                                       |
| <b>Reactivity</b>                    | Human                                                                                                                                                                                                                       |
| <b>Interspecies Antigen Sequence</b> | Mouse (66); Rat (65)                                                                                                                                                                                                        |
| <b>Quality Control Testing</b>       | Antibody reactive against mammalian transfected lysate.                                                                                                                                                                     |
| <b>Storage Buffer</b>                | In 1x PBS, pH 7.4                                                                                                                                                                                                           |
| <b>Storage Instruction</b>           | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.                                                                                                                                                    |

## Applications

- Western Blot (Transfected lysate)
