

MaxPab®

## ZCCHC8 purified MaxPab mouse polyclonal antibody (B01P)

Catalog # H00055596-B01P

Size 50 ug

### Applications

#### Western Blot (Cell lysate)

ZCCHC8 MaxPab polyclonal antibody. Western Blot analysis of ZCCHC8 expression in A-431.

#### Western Blot (Transfected lysate)

Western Blot analysis of ZCCHC8 expression in transfected 293T cell line by ZCCHC8 MaxPab polyclonal antibody.

Lane 1: ZCCHC8 transfected lysate(77.77 KDa).

Lane 2: Non-transfected lysate.

#### Immunofluorescence

Immunofluorescence of purified MaxPab antibody to ZCCHC8 on HeLa cell. [antibody concentration 10 ug/ml]

### Specification

#### Product Description

Mouse polyclonal antibody raised against a full-length human ZCCHC8 protein.

|                                      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |

| <b>Quality Control Testing</b>       | Antibody reactive against mammalian transfected lysate.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| <b>Storage Buffer</b>                | In 1x PBS, pH 7.4                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| <b>Storage Instruction</b>           | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |

## Applications

- Western Blot (Cell lysate)

ZCCHC8 MaxPab polyclonal antibody. Western Blot analysis of ZCCHC8 expression in A-431.

[Protocol Download](#)

- Western Blot (Transfected lysate)

Western Blot analysis of ZCCHC8 expression in transfected 293T cell line by ZCCHC8 MaxPab polyclonal antibody.

Lane 1: ZCCHC8 transfected lysate(77.77 KDa).

Lane 2: Non-transfected lysate.

[Protocol Download](#)

- Immunofluorescence

Immunofluorescence of purified MaxPab antibody to ZCCHC8 on HeLa cell. [antibody concentration 10 ug/ml]
