

Full-Length

## C11orf15 (Human) Recombinant Protein (P02)

Catalog # H00056674-P02

Size 25 ug, 10 ug

### Applications

### Specification

|                                      |                                                                                                                               |
|--------------------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Description</b>           | Human C11orf15 full-length ORF ( AAH15884, 1 a.a. - 124 a.a.) recombinant protein with GST-tag at N-terminal.                 |
| <b>Sequence</b>                      | MPVRGPDVEAYCLRCECKYEERSSVTIKVTIIMLSILGLLLLYMVYLTVEPILKRRLFGHAQLIQSDD<br>DIGDHQPFANAHDVLRSRSRANVLNKVEYAQQRWKLQVQEQRKSVFDRHVVLS |
| <b>Host</b>                          | Wheat Germ (in vitro)                                                                                                         |
| <b>Theoretical MW (kDa)</b>          | 39.38                                                                                                                         |
| <b>Interspecies Antigen Sequence</b> | Mouse (94); Rat (98)                                                                                                          |
| <b>Preparation Method</b>            | <a href="#">in vitro wheat germ expression system</a>                                                                         |
| <b>Purification</b>                  | Glutathione Sepharose 4 Fast Flow                                                                                             |
| <b>Quality Control Testing</b>       | 12.5% SDS-PAGE Stained with Coomassie Blue.                                                                                   |
| <b>Storage Buffer</b>                | 50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer.                                                      |
| <b>Storage Instruction</b>           | Store at -80°C. Aliquot to avoid repeated freezing and thawing.                                                               |
| <b>Note</b>                          | Best use within three months from the date of receipt of this protein.                                                        |

## Applications

- Enzyme-linked Immunoabsorbent Assay
- Western Blot (Recombinant protein)
- Antibody Production
- Protein Array

## Gene Info — TMEM9B
