

# SLAIN2 mouse monoclonal antibody (hybridoma)

Catalog # H00057606-M

Size Up to 5 Clones

## Specification

|                                      |                                                                                                                                                                                                                                                                                                                           |
|--------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Description</b>           | Mouse monoclonal antibody raised against a full-length recombinant SLAIN2.                                                                                                                                                                                                                                                |
| <b>Immunogen</b>                     | SLAIN2 (AAH31691.2, 1 a.a. ~ 298 a.a) full-length recombinant protein with GST tag. MW of the GST tag alone is 26 KDa.                                                                                                                                                                                                    |
| <b>Sequence</b>                      | MQEESLRQEYAATTSSRRSSGSSCNSTRRGTFSDQELDAQSLDDEDDNMHHAVYPAVNRFSPSP<br>RNSPRPSPKQSPRNSPRSRSPARGIEYSRVSPQPMISRLQQPRLSLQGHPTDLQTSNVKNEEKL<br>RRSLPNLSRTSNTQVDSVKSSRSDSNFQVPNGGIPRMQPQASAIPSPGKFRSPAAPSPLALRQP<br>VKAFSNHSGSGSPGSQEITQLTQTTSSPGPPMVQSTVSANPPSNINSATLTRPAGTTAMRSGLP<br>SAPSAGGIPVPRSKLAQPVRRLPAPKTYGSMKDDSWKDGCY |
| <b>Host</b>                          | Mouse                                                                                                                                                                                                                                                                                                                     |
| <b>Reactivity</b>                    | Human                                                                                                                                                                                                                                                                                                                     |
| <b>Interspecies Antigen Sequence</b> | Mouse (85); Rat (87)                                                                                                                                                                                                                                                                                                      |
| <b>Quality Control Testing</b>       | Antibody reactivity and specificity confirmed by ELISA and Western Blot.                                                                                                                                                                                                                                                  |
| <b>Deliverables</b>                  | Up to 5 positive hybridoma clones will be delivered to customer in the cryotube format.                                                                                                                                                                                                                                   |
| <b>Note</b>                          | Customer should check the viability of the hybridomas within one month from the date of receipt. Fee -for-service of long term hybridoma storage can be performed upon customer's request.                                                                                                                                |

## Applications

- Western Blot (Transfected lysate)

[Protocol Download](#)

- Western Blot (Recombinant protein)

[Protocol Download](#)

- ELISA
