

MaxPab®

# TRMT2B purified MaxPab mouse polyclonal antibody (B02P)

Catalog # H00079979-B02P

Size 50 ug

## Applications

### Western Blot (Transfected lysate)

Western Blot analysis of CXorf34 expression in transfected 293T cell line ([H00079979-T03](#)) by CXorf34 MaxPab polyclonal antibody.

Lane 1: CXorf34 transfected lysate(56.50 KDa).

Lane 2: Non-transfected lysate.

## Specification

|                               |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

| Quality Control Testing       | Antibody reactive against mammalian transfected lysate.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |

**Storage Buffer**

In 1x PBS, pH 7.4

**Storage Instruction**

Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.

## Applications

- Western Blot (Transfected lysate)

Western Blot analysis of CXorf34 expression in transfected 293T cell line ([H00079979-T03](#)) by CXorf34 MaxPab polyclonal antibody.

Lane 1: CXorf34 transfected lysate(56.50 KDa).

Lane 2: Non-transfected lysate.
