

DNAXPAb

Hard-to-Find  
Antibody

# FMNL3 DNAXPab

Catalog # H00091010-W01P

Size 200 ug

## Specification

|                         |                                                                                                                                                                                                                                                                                                                                                          |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Description     | Rabbit polyclonal antibody raised against a full-length human FMNL3 DNA using DNAX™ Immune technology.                                                                                                                                                                                                                                                   |

| Purification            | Protein A                                                                                                                                                                                                                                                                                                                                                |
| Quality Control Testing | Antibody reactive against mammalian transfected lysate.                                                                                                                                                                                                                                                                                                  |
| Storage Buffer          | In 1x PBS, pH 7.4                                                                                                                                                                                                                                                                                                                                        |
| Storage Instruction     | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.                                                                                                                                                                                                                                                                                 |

## Applications

- Western Blot (Transfected lysate)

[Protocol Download](#)

- Immunofluorescence (Transfected cell)

- Flow Cytometry (Transfected cell)

## Gene Info — FMNL3

**Entrez GeneID** [91010](#)

**GeneBank Accession#** [BC033181.1](#)

**Protein Accession#** [AAH33181.1](#)

**Gene Name** FMNL3

**Gene Alias** DKFZp762B245, FHOD3, FLJ45265, MGC45819, WBP3

**Gene Description** formin-like 3

**Gene Ontology** [Hyperlink](#)

**Gene Summary** The protein encoded by this gene contains a formin homology 2 domain and has high sequence identity to the mouse Wbp3 protein. Two alternative transcripts encoding different isoforms have been described. [provided by RefSeq]

**Other Designations** WW domain binding protein 3
