

MaxPab®

# FAM125A purified MaxPab mouse polyclonal antibody (B01P)

Catalog # H00093343-B01P

Size 500 ug

## Specification

|                                      |                                                                                                                                                                                                                                                                                                  |
|--------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Description</b>           | Mouse polyclonal antibody raised against a full-length human FAM125A protein.                                                                                                                                                                                                                    |
| <b>Immunogen</b>                     | FAM125A (NP_612410.1, 1 a.a. ~ 273 a.a) full-length human protein.                                                                                                                                                                                                                               |
| <b>Sequence</b>                      | MDPVPGTDSAPLAGLAWSSASAPPPRGFSAISCTVEGAPASFGKSFAQKSGYFLCLSSLGSLEN<br>PQENVVADIQIVDKSPLPLGFSPVCDPMDSKASVSKKKRMCVKLLPLGATDTAVFDVRLSGKT<br>KTVPGYLRIQDMGGFAMWCKKAKAPRPVPKPRGLSRDMQGLSLDAASQPSKGGLLERTASRLGS<br>RASTLRRNDSIYEASSLYGISAMDGVPFTLHPRFEGKSCSPLAFSAFGDLTIKSLADIEEEYNYGFV<br>VEKTAAARLPPSVS |
| <b>Host</b>                          | Mouse                                                                                                                                                                                                                                                                                            |
| <b>Reactivity</b>                    | Human                                                                                                                                                                                                                                                                                            |
| <b>Interspecies Antigen Sequence</b> | Mouse (83); Rat (81)                                                                                                                                                                                                                                                                             |
| <b>Quality Control Testing</b>       | Antibody reactive against mammalian transfected lysate.                                                                                                                                                                                                                                          |
| <b>Storage Buffer</b>                | In 1x PBS, pH 7.4                                                                                                                                                                                                                                                                                |
| <b>Storage Instruction</b>           | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.                                                                                                                                                                                                                         |

## Applications

- Western Blot (Transfected lysate)
