

MaxPab®

# ZNF257 purified MaxPab mouse polyclonal antibody (B01P)

Catalog # H00113835-B01P

Size 50 ug

## Applications

### Western Blot (Cell lysate)

ZNF257 MaxPab polyclonal antibody. Western Blot analysis of ZNF257 expression in HepG2.

### Western Blot (Transfected lysate)

Western Blot analysis of ZNF257 expression in transfected 293T cell line ([H00113835-T01](#)) by ZNF257 MaxPab polyclonal antibody.

Lane 1: ZNF257 transfected lysate(58.41 KDa).

Lane 2: Non-transfected lysate.

### Immunofluorescence

Immunofluorescence of purified MaxPab antibody to ZNF257 on HepG2 cell. [antibody concentration 10 ug/ml]

## Specification

### Product Description

Mouse polyclonal antibody raised against a full-length human ZNF257 protein.

|                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

| Quality Control Testing | Antibody reactive against mammalian transfected lysate.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| Storage Buffer          | In 1x PBS, pH 7.4                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Storage Instruction     | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |

## Applications

- Western Blot (Cell lysate)

ZNF257 MaxPab polyclonal antibody. Western Blot analysis of ZNF257 expression in HepG2.

[Protocol Download](#)

- Western Blot (Transfected lysate)

Western Blot analysis of ZNF257 expression in transfected 293T cell line ([H00113835-T01](#)) by ZNF257 MaxPab polyclonal antibody.

Lane 1: ZNF257 transfected lysate(58.41 KDa).

Lane 2: Non-transfected lysate.

[Protocol Download](#)

- Immunofluorescence

Immunofluorescence of purified MaxPab antibody to ZNF257 on HepG2 cell. [antibody concentration 10 ug/ml]
