

MaxPab®

# C1QTNF6 purified MaxPab mouse polyclonal antibody (B01P)

Catalog # H00114904-B01P

Size 50 ug

## Applications

### Western Blot (Tissue lysate)

C1QTNF6 MaxPab polyclonal antibody. Western Blot analysis of C1QTNF6 expression in human placenta.

### Western Blot (Transfected lysate)

Western Blot analysis of C1QTNF6 expression in transfected 293T cell line ([H00114904-T01](#)) by C1QTNF6 MaxPab polyclonal antibody.

Lane 1: C1QTNF6 transfected lysate(30.69 KDa).

Lane 2: Non-transfected lysate.

## Specification

|                     |                                                                                                                                                                                                                                                                  |
|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Description | Mouse polyclonal antibody raised against a full-length human C1QTNF6 protein.                                                                                                                                                                                    |
| Immunogen           | C1QTNF6 (AAH20551, 32 a.a. ~ 278 a.a) full-length human protein.                                                                                                                                                                                                 |
| Sequence            | LLLFLLMCEIPMVELTFDRAVASGCQRCCDSEDPLDPAHVSSASSSGRPHALPEIRPYINITILKGD<br>KGDPGPMGLPGYMGREGPQGEPGPQGSKGDKGEMGSPGAPCQKRFFAFSVGRKTALHSGED<br>FQTLLEFVFVNLDGCFDMATGQFAAPLRGIYFFSLNVHSWNYKETVHIMHNQKEAVILYAQPSE<br>RSIMQSQSVMLDLAYGDRVWVRLFKRQRENAIYSNDFDTYITFSGLIKAEDD |
| Host                | Mouse                                                                                                                                                                                                                                                            |
| Reactivity          | Human                                                                                                                                                                                                                                                            |

|                               |                                                                          |
|-------------------------------|--------------------------------------------------------------------------|
| Interspecies Antigen Sequence | Mouse (67); Rat (68)                                                     |
| Quality Control Testing       | Antibody reactive against mammalian transfected lysate.                  |
| Storage Buffer                | In 1x PBS, pH 7.4                                                        |
| Storage Instruction           | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing. |

## Applications

- Western Blot (Tissue lysate)

C1QTNF6 MaxPab polyclonal antibody. Western Blot analysis of C1QTNF6 expression in human placenta.
