

# HRASLS5 mouse monoclonal antibody (hybridoma)

Catalog # H00117245-M

Size Up to 5 Clones

## Specification

|                               |                                                                                                                                                                                                                                                                                           |
|-------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Description           | Mouse monoclonal antibody raised against a full-length recombinant HRASLS5.                                                                                                                                                                                                               |
| Immunogen                     | HRASLS5 (AAH34222.1, 1 a.a. ~ 269 a.a) full-length recombinant protein with GST tag. MW of the GST tag alone is 26 KDa.                                                                                                                                                                   |

| Host                          | Mouse                                                                                                                                                                                                                                                                                     |
| Reactivity                    | Human                                                                                                                                                                                                                                                                                     |
| Interspecies Antigen Sequence | Rat (69)                                                                                                                                                                                                                                                                                  |
| Quality Control Testing       | Antibody reactivity and specificity confirmed by ELISA and Western Blot.                                                                                                                                                                                                                  |
| Deliverables                  | Up to 5 positive hybridoma clones will be delivered to customer in the cryotube format.                                                                                                                                                                                                   |
| Note                          | Customer should check the viability of the hybridomas within one month from the date of receipt. Fee -for-service of long term hybridoma storage can be performed upon customer's request.                                                                                                |

## Applications

- Western Blot (Transfected lysate)

[Protocol Download](#)

- Western Blot (Recombinant protein)

[Protocol Download](#)

- ELISA

## Gene Info — HRASLS5

**Entrez GeneID** [117245](#)

**GeneBank Accession#** [BC034222.1](#)

**Protein Accession#** [AAH34222.1](#)

**Gene Name** HRASLS5

**Gene Alias** HRLP5, RLP-1, RLP1

**Gene Description** HRAS-like suppressor family, member 5

**Omim ID** [611474](#)

**Gene Ontology** [Hyperlink](#)

**Gene Summary** O

**Other Designations** H-rev107-like protein 5|lecithin-retinol acyltransferase (LRAT)-like protein-1
