

## C20orf71 mouse monoclonal antibody (hybridoma)

Catalog # H00128861-M

Size Up to 5 Clones

### Specification

|                         |                                                                                                                                                                                                                                      |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Description     | Mouse monoclonal antibody raised against a full-length recombinant C20orf71.                                                                                                                                                         |
| Immunogen               | C20orf71 (NP_001035904.1, 1 a.a. ~ 218 a.a) full-length recombinant protein with GST tag. MW of the GST tag alone is 26 KDa.                                                                                                         |
| Sequence                | MMCPLWRLLIFLGLLALPLAPHKQPWPGLAQAHARDNKSTLARIQAQGLIKHNAESRIQNIHFGDRLN<br>ASAQVAPGLVGWLSGRKHQQQESRSFDNNIVKMCAHMSIVVEFWLEKDEFGRDLVIGKCDA<br>EPSSVHVAILTEAIPPKMNQFLYNLKENLQKVLPHMVESQVCPLIGEILGQLDVKLLKSLIEQEAHH<br>EPTHHETSQPSACQAGESPS |
| Host                    | Mouse                                                                                                                                                                                                                                |
| Reactivity              | Human                                                                                                                                                                                                                                |
| Quality Control Testing | Antibody reactivity and specificity confirmed by ELISA and Western Blot.                                                                                                                                                             |
| Deliverables            | Up to 5 positive hybridoma clones will be delivered to customer in the cryotube format.                                                                                                                                              |
| Note                    | Customer should check the viability of the hybridomas within one month from the date of receipt. Fee-for-service of long term hybridoma storage can be performed upon customer's request.                                            |

### Applications

- Western Blot (Transfected lysate)

[Protocol Download](#)

- Western Blot (Recombinant protein)

[Protocol Download](#)

- ELISA

## Gene Info — C20orf71
