

DNAxPAb

Hard-to-Find  
Antibody

# FUNDC1 DNAxPab

Catalog # H00139341-W01P      Size 200 ug

## Specification

|                                |                                                                                                                                                                   |
|--------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Description</b>     | Rabbit polyclonal antibody raised against a full-length human FUNDC1 DNA using DNAx™ Immune technology.                                                           |
| <b>Technology</b>              | <a href="#">DNAx™ Immune</a>                                                                                                                                      |
| <b>Immunogen</b>               | Full-length human DNA                                                                                                                                             |
| <b>Sequence</b>                | MATRNPQQDYESDDDSYEVLDT EYARRHQWWNRVFGHSSGPMVEKYSVATQIVMGGVTGW<br>CAGFLFQKVGKLAATAVGGGFLLLQIASHSGYVQIDWKRVEKDVNKAQRQIKKRANKAAPEINLLI<br>EEATEFIKQNVISSGFVGGFLLGLAS |
| <b>Host</b>                    | Rabbit                                                                                                                                                            |
| <b>Reactivity</b>              | Human                                                                                                                                                             |
| <b>Purification</b>            | Protein A                                                                                                                                                         |
| <b>Quality Control Testing</b> | Antibody reactive against mammalian transfected lysate.                                                                                                           |
| <b>Storage Buffer</b>          | In 1x PBS, pH 7.4                                                                                                                                                 |
| <b>Storage Instruction</b>     | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.                                                                                          |

## Applications

- Western Blot (Transfected lysate)

[Protocol Download](#)

- Immunofluorescence (Transfected cell)
- Flow Cytometry (Transfected cell)
