

## ZFP90 mouse monoclonal antibody (hybridoma)

Catalog # H00146198-M

Size Up to 5 Clones

### Specification

|                                |                                                                                                                                                                                                                                             |
|--------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Description</b>     | Mouse monoclonal antibody raised against a full-length recombinant ZFP90.                                                                                                                                                                   |
| <b>Immunogen</b>               | ZFP90 (AAH33165.1, 1 a.a. ~ 224 a.a) full-length recombinant protein with GST tag. MW of the GST tag alone is 26 KDa.                                                                                                                       |
| <b>Sequence</b>                | MRIHKRGKPYQSSNYSIDFKHSTSLTQDESTLTEVKSYPHCNDCGEDFSHITDFTDHQRIHTAENPYD<br>CEQAFSQQAISHPGKPYQCNVCGKAFKRSTSFIEHHRIHTGEKPYECNECGEAFSRRSSLTQHE<br>RTHTGEKPYECIDCGKAQSSSLIQHERHTHTGEKPYECNECGRAFRKKTNLHDHQRIHTGEKPYS<br>CKECGKNFSRSSALTKHQRIHTRNKL |
| <b>Host</b>                    | Mouse                                                                                                                                                                                                                                       |
| <b>Reactivity</b>              | Human                                                                                                                                                                                                                                       |
| <b>Quality Control Testing</b> | Antibody reactivity and specificity confirmed by ELISA and Western Blot.                                                                                                                                                                    |
| <b>Deliverables</b>            | Up to 5 positive hybridoma clones will be delivered to customer in the cryotube format.                                                                                                                                                     |
| <b>Note</b>                    | Customer should check the viability of the hybridomas within one month from the date of receipt. Fee -for-service of long term hybridoma storage can be performed upon customer's request.                                                  |

### Applications

- Western Blot (Transfected lysate)

[Protocol Download](#)

- Western Blot (Recombinant protein)
