Antibody

## VPS37D DNAxPab

Catalog # H00155382-W01P

Size 100 ug

### Applications

#### Western Blot (Transfected lysate)

Western Blot analysis of VPS37D expression in transfected 293T cell line by VPS37D DNAxPab polyclonal antibody.

Lane 1: VPS37D transfected lysate(48.82 KDa).

Lane 2: Non-transfected lysate.

### Specification

|                                |                                                                                                                                                                                                                                                                      |

| <b>Purification</b>            | Protein A                                                                                                                                                                                                                                                            |
| <b>Quality Control Testing</b> | Antibody reactive against mammalian transfected lysate.                                                                                                                                                                                                              |
| <b>Storage Buffer</b>          | In 1x PBS, pH 7.4                                                                                                                                                                                                                                                    |

## Storage Instruction

Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.

## Applications

- Western Blot (Transfected lysate)

Western Blot analysis of VPS37D expression in transfected 293T cell line by VPS37D DNAPab polyclonal antibody.

Lane 1: VPS37D transfected lysate(48.82 KDa).

Lane 2: Non-transfected lysate.
