

MaxPab®

## MPV17L purified MaxPab mouse polyclonal antibody (B01P)

Catalog # H00255027-B01P

Size 50 ug

### Applications

#### Western Blot (Transfected lysate)

Western Blot analysis of MPV17L expression in transfected 293T cell line ([H00255027-T01](#)) by MPV17L MaxPab polyclonal antibody.

Lane 1: MPV17L transfected lysate(16.7 KDa).

Lane 2: Non-transfected lysate.

### Specification

|                         |                                                                                                                                                             |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Description     | Mouse polyclonal antibody raised against a full-length human MPV17L protein.                                                                                |
| Immunogen               | MPV17L (AAH61514.1, 1 a.a. ~ 147 a.a) full-length human protein.                                                                                            |
| Sequence                | MAGWWPALSRAARRHPWPTNVLLYGSLVSAGDALQQRLQGREGANWRQTRRVATLVVTFHANF<br>NYVWLRLLEALPGRAPHALLAKLLCDQVVGAPIAVSAFYVEWTDVLALCTADQLQPCSCSMEN<br>SLRWSLWFSLGHLHLFFPAEW |
| Host                    | Mouse                                                                                                                                                       |
| Reactivity              | Human                                                                                                                                                       |
| Quality Control Testing | Antibody reactive against mammalian transfected lysate.                                                                                                     |
| Storage Buffer          | In 1x PBS, pH 7.4                                                                                                                                           |
| Storage Instruction     | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.                                                                                    |

### Applications

- Western Blot (Transfected lysate)

Western Blot analysis of MPV17L expression in transfected 293T cell line ([H00255027-T01](#)) by MPV17L MaxPab polyclonal antibody.

Lane 1: MPV17L transfected lysate(16.7 KDa).

Lane 2: Non-transfected lysate.
