

MaxPab®

## C15orf21 purified MaxPab mouse polyclonal antibody (B01P)

Catalog # H00283651-B01P

Size 500 ug

### Specification

|                                |                                                                                                                                                                                    |
|--------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Description</b>     | Mouse polyclonal antibody raised against a full-length human C15orf21 protein.                                                                                                     |
| <b>Immunogen</b>               | C15orf21 (NP_001005266.1, 1 a.a. ~ 172 a.a) full-length human protein.                                                                                                             |
| <b>Sequence</b>                | MEPWAMRALDFADESGSVSCKDMHLLWLQKRIEMHKAQCEEEEEAMTPRPTKARAPLPSAYV<br>PPLSLPPCPRERLKGMLKEIKPRLSRNCREDPQGCLLNLLQSHSRSPERPLQRRRERYLQRRR<br>EKLMLARRGITLQKMEMPKQTRHRKLKVLEMPSEVCAFLITVYFW |
| <b>Host</b>                    | Mouse                                                                                                                                                                              |
| <b>Reactivity</b>              | Human                                                                                                                                                                              |
| <b>Quality Control Testing</b> | Antibody reactive against mammalian transfected lysate.                                                                                                                            |
| <b>Storage Buffer</b>          | In 1x PBS, pH 7.4                                                                                                                                                                  |
| <b>Storage Instruction</b>     | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.                                                                                                           |

### Applications

- Western Blot (Transfected lysate)
