

MaxPab®

# RAB7B purified MaxPab mouse polyclonal antibody (B01P)

Catalog # H00338382-B01P

Size 50 ug

## Applications

### Western Blot (Transfected lysate)

Western Blot analysis of RAB7B expression in transfected 293T cell line ([H00338382-T01](#)) by RAB7B MaxPab polyclonal antibody.

Lane 1: RAB7B transfected lysate(21.89 KDa).

Lane 2: Non-transfected lysate.

## Specification

|                         |                                                                                                                                                                                                              |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Description     | Mouse polyclonal antibody raised against a full-length human RAB7B protein.                                                                                                                                  |
| Immunogen               | RAB7B (AAH17092.1, 1 a.a. ~ 199 a.a) full-length human protein.                                                                                                                                              |
| Sequence                | MNPRKKVDLKLIVGAIGVGKTSLLHQYVHKTFYEEYQTTLGASILSKIIILGDTTLKLQWDTGGQERF<br>RSMVSTFYKGS DGCILAFDVTDLSEFEALDWRGDVLAKIPMEQSYPMVLLGNKIDLADRKVPQ<br>EVAQGWCREKDIPYFEVSAKNDINVVQAFEMLASRALSRYQSILENHLTESIKLSPDQSRSRCC |
| Host                    | Mouse                                                                                                                                                                                                        |
| Reactivity              | Human                                                                                                                                                                                                        |
| Quality Control Testing | Antibody reactive against mammalian transfected lysate.                                                                                                                                                      |
| Storage Buffer          | In 1x PBS, pH 7.4                                                                                                                                                                                            |
| Storage Instruction     | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.                                                                                                                                     |

## Applications

- Western Blot (Transfected lysate)

Western Blot analysis of RAB7B expression in transfected 293T cell line ([H00338382-T01](#)) by RAB7B MaxPab polyclonal antibody.

Lane 1: RAB7B transfected lysate(21.89 KDa).

Lane 2: Non-transfected lysate.
