

MaxPab®

## LOC348262 purified MaxPab mouse polyclonal antibody (B01P)

Catalog # H00348262-B01P

Size 500 ug

## Specification

|                         |                                                                                                                                                                                        |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Description     | Mouse polyclonal antibody raised against a full-length human LOC348262 protein.                                                                                                        |
| Immunogen               | LOC348262 (AAI11796.1, 1 a.a. ~ 175 a.a) full-length human protein.                                                                                                                    |
| Sequence                | MHGEKSHGRGQAGRQVPLKQQSVSGESQQGARQGAGQSTCYLSSAFLCNGSFPAGSMSLWD<br>PQPKQAFPSVLWCSWAGVPGRRTGQRDPRVQERRGDFVSKLGAAVGGEPLALFGPHSWPGM<br>GHRVPGLGAGFLFAGFALEPWDSYHVVFEGWTIDMRRNEPERTRSLSAPGPL |
| Host                    | Mouse                                                                                                                                                                                  |
| Reactivity              | Human                                                                                                                                                                                  |
| Quality Control Testing | Antibody reactive against mammalian transfected lysate.                                                                                                                                |
| Storage Buffer          | In 1x PBS, pH 7.4                                                                                                                                                                      |
| Storage Instruction     | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.                                                                                                               |

## Applications

- Western Blot (Transfected lysate)
