

## Full-Length

## C10orf96 (Human) Recombinant Protein (P01)

Catalog # H00374355-P01

Size 50 ug

## Specification

|                               |                                                                                                                                                                                                                                                                                |
|-------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Description           | Human C10orf96 full-length ORF (AAH44830.1, 1 a.a. - 258 a.a.) recombinant protein with GST-tag at N-terminal.                                                                                                                                                                 |
| Sequence                      | MSLESLFQHIIFTEHQAEESRRLMREVRSEITRCREKIKKATEELNEEKIKLESKVQQFFEKSFFLQL<br>LKAHENALEKQYSEITNHRNMLLQTFEAIKKQMIEEEDKFIKEITDFNNDYEITKKRELLMKENVKIEIS<br>DLENQANMLKSEMKSMEHDSSQLNELQKQKSELIQELFTLQRKLKVFEDEENESICTTKYLEAEKI<br>KISEKPQNDTECLRLKKELELYKEDDMESVYEALQTEIEFLELTLAQKDLQESK |
| Host                          | Wheat Germ (in vitro)                                                                                                                                                                                                                                                          |
| Theoretical MW (kDa)          | 54.78                                                                                                                                                                                                                                                                          |
| Interspecies Antigen Sequence | Mouse (70); Rat (72)                                                                                                                                                                                                                                                           |
| Preparation Method            | <a href="#">in vitro wheat germ expression system</a>                                                                                                                                                                                                                          |
| Purification                  | Glutathione Sepharose 4 Fast Flow                                                                                                                                                                                                                                              |
| Storage Buffer                | 50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer.                                                                                                                                                                                                       |
| Storage Instruction           | Store at -80°C. Aliquot to avoid repeated freezing and thawing.                                                                                                                                                                                                                |
| Note                          | Best use within three months from the date of receipt of this protein.                                                                                                                                                                                                         |

## Applications

- Enzyme-linked Immunoabsorbent Assay
- Western Blot (Recombinant protein)
- Antibody Production

- Protein Array

## Gene Info — C10orf96

**Entrez GeneID** [374355](#)

**GeneBank Accession#** [BC044830.1](#)

**Protein Accession#** [AAH44830.1](#)

**Gene Name** C10orf96

**Gene Alias** MGC35062

**Gene Description** chromosome 10 open reading frame 96

**Gene Ontology** [Hyperlink](#)

**Other Designations** hypothetical protein LOC374355

## Disease
