

MaxPab®

## SFT2D2 purified MaxPab mouse polyclonal antibody (B01P)

Catalog # H00375035-B01P

Size 500 ug

### Specification

|                                      |                                                                                                                                                                        |
|--------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Description</b>           | Mouse polyclonal antibody raised against a full-length human SFT2D2 protein.                                                                                           |
| <b>Immunogen</b>                     | SFT2D2 (NP_955376.1, 1 a.a. ~ 160 a.a) full-length human protein.                                                                                                      |
| <b>Sequence</b>                      | MDKLKKVLSGQDTE DRSLSEVVEASSLSWSTRIKGFIACFAIGILCSLLGTVLLWVPRKGLHLFA<br>VFYTFGNIASIGSTIFLMGPVKQLKRMFEPTRLIATIMVLLCFALTLCSAFWWHNKGLALIFCILQSLA<br>LTWYLSFIPFARDAVKKCFVCLA |
| <b>Host</b>                          | Mouse                                                                                                                                                                  |
| <b>Reactivity</b>                    | Human                                                                                                                                                                  |
| <b>Interspecies Antigen Sequence</b> | Mouse (91); Rat (89)                                                                                                                                                   |
| <b>Quality Control Testing</b>       | Antibody reactive against mammalian transfected lysate.                                                                                                                |
| <b>Storage Buffer</b>                | In 1x PBS, pH 7.4                                                                                                                                                      |
| <b>Storage Instruction</b>           | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.                                                                                               |

### Applications

- Western Blot (Transfected lysate)
