

Gaussia Luciferase Receptor Gene Assay Kit

Catalog # KA4134

Size 1 Kit

Applications

Result Data

Result Data

□

Sectreated Gaussia Luciferase culture medium was measured with Gaussia Luciferase Receptor Gene Assay Kit (blue line) and a commercially available Gaussia Luciferase Assay Kit (red line) in a white 96-well plate with a NOVOstar plate reader (BMG Labtech).

Specification

Product Description

Gaussia Luciferase Receptor Gene Assay Kit is a luminogenic assay for the quantification of luciferase activity in cell medium.

Suitable Sample

Adherent cells, Non-adherent cells

Detection Method

Luminescence

Regulation Status

For research use only (RUO)

Storage Instruction

Store components of the kit at 4°C or -20°C in the dark as described in the protocol.
