

# SPN monoclonal antibody, clone MEM-59

Catalog # MAB0884 Size 100 ug

## **Applications**

### Western Blot (Cell lysate)

Western blotting analysis (non - reducing conditions) of isolated peripheral blood lymphocytes of various species using SPN monoclonal antibody, clone MEM - 59 (Cat # MAB0884) . Lane 1 : Lysate of human PBL. Lane 2 : Lysate of canine PBL. Lane 3 : Lysate of porcine PBL.

Product Description         Mouse monoclonal antibody raised against native SPN.           Immunogen         Native purified SPN from human T lymphocytes.           Host         Mouse           Reactivity         Human           Specificity         This antibody recognizes neuraminidase-sensitive epitope on CD43 (Leukosialin), CD43 is express ed by platelets and at high levels on the surface of all leukocytes; it is negative on resting B lymphocyt es and erythrocytes.           Form         Liquid           Recommend Usage         The optimal working dilution should be determined by the end user.           Storage Buffer         In PBS, pH 7.4 (0.09% sodium azide)           Storage Instruction         Store at 4°C. Do not freeze. Aliquot to avoid repeated freezing and thawing.	Specification	
Host Mouse  Reactivity Human  Specificity This antibody recognizes neuraminidase-sensitive epitope on CD43 (Leukosialin), CD43 is express ed by platelets and at high levels on the surface of all leukocytes; it is negative on resting B lymphocyt es and erythrocytes.  Form Liquid  Isotype IgG1  Recommend Usage The optimal working dilution should be determined by the end user.  Storage Buffer In PBS, pH 7.4 (0.09% sodium azide)  Storage Instruction Store at 4°C. Do not freeze.	Product Description	Mouse monoclonal antibody raised against native SPN.

Storage Instruction Store at 4°C. Do not freeze.	Recommend Usage	The optimal working dilution should be determined by the end user.
	Storage Buffer	In PBS, pH 7.4 (0.09% sodium azide)
	Storage Instruction	

#### **Product Information**

Note

This product contains sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

## **Applications**

Western Blot (Cell lysate)

Western blotting analysis (non - reducing conditions) of isolated peripheral blood lymphocytes of various species using SPN monoclonal antibody, clone MEM - 59 (Cat # MAB0884) . Lane 1 : Lysate of human PBL. Lane 2 : Lysate of canine PBL. Lane 3 : Lysate of porcine PBL.

- Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)
- Immunoprecipitation
- Flow Cytometry

Gene Info — SPN	
Entrez GenelD	<u>6693</u>
Gene Name	SPN
Gene Alias	CD43, GPL115, LSN
Gene Description	sialophorin
Omim ID	<u>182160</u>
Gene Ontology	<u>Hyperlink</u>
Gene Summary	Sialophorin (leukosialin) is a major sialoglycoprotein on the surface of human T lymphocytes, mon ocytes, granulocytes, and some B lymphocytes, which appears to be important for immune function and may be part of a physiologic ligand-receptor complex involved in T-cell activation.[supplied by OMIM
Other Designations	leukosialin sialophorin (gpL115, leukosialin, CD43) sialophorin (leukosialin, CD43)

### **Pathway**

Cell adhesion molecules (CAMs)

## Disease

• Kidney Failure
