

# CD8.1 monoclonal antibody, clone CD8-E1

Catalog # MAB1360

Size 200 ug

## Specification

**Product Description** Mouse monoclonal antibody raised against native CD8.1.

**Immunogen** Native purified CD8.1 from mouse LN cells.

**Host** Mouse

**Reactivity** Mouse

**Specificity** React with mouse CD8.1.

**Form** Lyophilized

**Isotype** IgG

**Quality Control Testing** Antibody Reactive Against Native Purified Protein.

**Recommend Usage** The optimal working dilution should be determined by the end user.

**Storage Buffer** Lyophilized from PBS

**Storage Instruction** Store lyophilized powder at -4°C.  
After reconstitution, store at -20°C.  
Aliquot to avoid repeated freezing and thawing.

## Applications

- Immunoprecipitation
- Flow Cytometry
