

## Icam2 monoclonal antibody, clone 3C4 (PE)

Catalog # MAB5841 Size 100 ug

| Specification       |   |
|---------------------|---|
| Product Description | Rat monoclonal antibody raised against lcam2.   |
| Immunogen           | COS cells transfected with mouse ICAM-2 cDNA.   |
| Host                | Rat   |
| Reactivity          | Mouse   |
| Specificity         | Mouse ICAM-2.   |
| Form                | Liquid  |
| Conjugation         | PE  |
| Isotype             | lgG2a, kappa  |
| Recommend Usage     | Flow Cytometry (0.2 ug/10 <sup>6</sup> cells)  The optimal working dilution should be determined by the end user.             |
| Storage Buffer      | In PBS (0.09% sodium azide)   |
| Storage Instruction | Store in the dark at 4°C. Do not freeze.  Avoid prolonged exposure to light.  Aliquot to avoid repeated freezing and thawing. |
| Note                | This product contains sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which shoul d be handled by trained staff only.       |

## Applications

- Immunohistochemistry (Frozen sections)
- Immunoprecipitation
- Flow Cytometry

| Gene Info — Icam2  |                                      |
|--------------------|--------------------------------------|
| Entrez GeneID      | <u>15896</u>                         |
| Gene Name          | lcam2                                |
| Gene Alias         | CD102, lcam-2, Ly-60                 |
| Gene Description   | intercellular adhesion molecule 2    |
| Gene Ontology      | <u>Hyperlink</u>                     |
| Other Designations | OTTMUSP00000003460 OTTMUSP0000003463 |

## Publication Reference

Characterization of murine intercellular adhesion molecule-2.

Xu H, Bickford JK, Luther E, Carpenito C, Takei F, Springer TA. Journal of immunology 1996 Jun; 156(12):4909.

Application: Flow Cyt, Func, IP, Monkey, Mouse, COS cells, Murine endothelioma cells, T cells

Isolation, characterization, and expression of mouse ICAM-2 complementary and genomic DNA.

 $Xu\ H,\ Tong\ I\!L,\ De\ Fougerolles\ AR,\ Springer\ TA.$ 

Journal of Immunology 1992 Oct; 149(8):2650.
