

Adenovirus Hexon monoclonal antibody, clone G097

Catalog # MAB8757

Size 100 ug

Specification

Product Description	Mouse monoclonal antibody raised against recombinant Hexon.
----------------------------	---

Immunogen	Recombinant protein corresponding to adenovirus Hexon.
------------------	--

Host	Mouse
-------------	-------

Reactivity	Viruses
-------------------	---------

Specificity	Hexon antigen of human adenovirus, serotype 5.
--------------------	--

Form	Liquid
-------------	--------

Concentration	1 ug/uL
----------------------	---------

Isotype	IgG
----------------	-----

Recommend Usage	Immunohistochemistry (1:200) Immunoprecipitation (1:200) Western Blot (1:1000, under non-denaturing conditions) The optimal working dilution should be determined by the end user.
------------------------	---

Storage Buffer	In PBS, pH 7.4 (0.05% sodium azide).
-----------------------	--------------------------------------

Storage Instruction	Store at 4°C as an undiluted liquid for several weeks. For long term storage, aliquot and store at -20° C or below. Aliquot to avoid repeated freezing and thawing. Dilute only prior to immediate use.
----------------------------	--

Note	This product contains sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.
-------------	--

Applications

- Western Blot
- Immunohistochemistry

- Immunoprecipitation
