

Bioactive

CKBB (Human) Native Protein

Catalog # P6846 Size 1 ku

Specification

Product Description	Human CKBB native protein from human brain.
Host	Human
Form	Liquid
Preparation Method	Native protein purified from human brain
Purity	> 99% pure
Activity	> 100 units/mL at 37 °C.
Storage Buffer	In 25 mM Imidazole, pH 6.5 (50% glycerol, 1 mM DTE).
Storage Instruction	Store at 4°C. For long term storage store at -20°C. Aliquot to avoid repeated freezing and thawing.

Applications

- Enzyme Activity
