

# RNase III

Catalog # P8873

Size 500 uL

## Specification

<b>Product Description</b>	RNase III is ribonuclease III (RNase III) recombinantly expressed by E. coli. This specific exonuclease cleaves double-stranded RNA (dsRNA) and generates 12-35bp dsRNA fragments with 5'-PO <sub>4</sub> and 3'-OH, 3' overhangs.
<b>Form</b>	Liquid
<b>Recommend Usage</b>	In Vitro Transcription The optimal working dilution should be determined by the end user.
<b>Storage Instruction</b>	Store the kit at 4°C.

## Applications

- In vitro Transcription
