

POTLX-3 (potato) Screening Enzyme

Catalog # P8874

Size 1 Tub

Specification

Product Description	Purified potato 5-lipoxygenase (5-LO) used for screening 5-LO specific inhibitors using the Lipoxygenase Inhibitor Screening Assay Kit (KA1329).
Theoretical MW (kDa)	85
Form	Liquid
Recommend Usage	ELISA The optimal working dilution should be determined by the end user.
Storage Buffer	In 100 mM Tris-HCl, pH 7.4, 0.1% BSA
Storage Instruction	Store at -80°C. Aliquot to avoid repeated freezing and thawing.

Applications

- Enzyme-linked Immunoabsorbent Assay
