

Collagen Type I, II, III, IV, V polyclonal antibody

Catalog # PAB13718

Size

Specification

Product Description	Rabbit polyclonal antibody raised against full length native Collagen Type I, II, III, IV, V.
----------------------------	---

Immunogen	Native purified human Collagen Type I, II, III, IV, V.
------------------	--

Host	Rabbit
-------------	--------

Reactivity	Human
-------------------	-------

Specificity	Recognizes human collagen type I, II, III, IV and V.
--------------------	--

Form	Liquid
-------------	--------

Recommend Usage	ELISA (1:200) The optimal working dilution should be determined by the end user.
------------------------	---

Storage Buffer	In purified antibody
-----------------------	----------------------

Storage Instruction	Store at -20°C. For long term storage store at -80°C. Aliquot to avoid repeated freezing and thawing.
----------------------------	--

Applications

- Immunohistochemistry (Frozen sections)
- Enzyme-linked Immunoabsorbent Assay
- Dot Blot
