

TERF2 polyclonal antibody (DyLight 650)

Catalog # PAB15118

Size 100 uL

Specification

Product Description	Rabbit polyclonal antibody raised against recombinant TERF2.
Immunogen	Baculovirus purified TRF2 protein.
Host	Rabbit
Reactivity	Human
Specificity	<p>This antibody is useful for ChIP, Immunocytochemistry/Immunofluorescence, Immunohistochemistry paraffin embedded sections and Western blot, where a band at ~56 kDa is seen. In ICC/IF, nuclear staining was observed in HeLa cells. In IHC, nuclear staining was observed in xenografted human breast cancer tissue. Prior to immunostaining paraffin tissues, antigen retrieval with sodium citrate buffer (pH 6.0) is recommended. The observed molecular weight of the protein may vary from the listed predicted molecular weight due to post translational modifications, post translation cleavages, relative charges, and other experimental factors.</p>
Form	Liquid
Conjugation	DyLight 650
Purification	Immunogen affinity purification
Recommend Usage	<p>ChIP</p> <p>Immunocytochemistry/Immunofluorescence</p> <p>Immunohistochemistry</p> <p>Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)</p> <p>Western Blot</p> <p>The optimal working dilution should be determined by the end user.</p>
Storage Buffer	In 50 mM sodium borate (0.05% sodium azide).
Storage Instruction	Store at 4°C in the dark.
Note	This product contains sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Applications

- CHIP
- Western Blot
- Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)
- Immunohistochemistry
- Immunocytochemistry
- Immunofluorescence
- Immunoprecipitation
