

# TMEM209 polyclonal antibody

Catalog # PAB22576      Size 100 uL

## Applications

### Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)

Immunohistochemical staining of human ovary with TMEM209 polyclonal antibody (Cat # PAB22576) shows strong cytoplasmic positivity in follicle cells at 1:200-1:500 dilution.

## Specification

|                            |                                                                                                                                                       |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Description</b> | Rabbit polyclonal antibody raised against recombinant TMEM209.                                                                                        |
| <b>Immunogen</b>           | Recombinant protein corresponding to amino acids of human TMEM209.                                                                                    |

| <b>Host</b>                | Rabbit                                                                                                                                                |
| <b>Reactivity</b>          | Human                                                                                                                                                 |
| <b>Form</b>                | Liquid                                                                                                                                                |
| <b>Purification</b>        | Antigen affinity purification                                                                                                                         |
| <b>Isotype</b>             | IgG                                                                                                                                                   |
| <b>Recommend Usage</b>     | Immunohistochemistry (1:200-1:500)<br>The optimal working dilution should be determined by the end user.                                              |
| <b>Storage Buffer</b>      | In PBS, pH 7.2 (40% glycerol, 0.02% sodium azide)                                                                                                     |

**Storage Instruction**

Store at 4°C. For long term storage store at -20°C.  
Aliquot to avoid repeated freezing and thawing.

**Note**

This product contains sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

## Applications

- Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)

Immunohistochemical staining of human ovary with TMEM209 polyclonal antibody (Cat # PAB22576) shows strong cytoplasmic positivity in follicle cells at 1:200-1:500 dilution.
