

# RAB11FIP2 polyclonal antibody

Catalog # PAB23154      Size 100 uL

## Applications

### Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)

Immunohistochemical staining of human stomach with RAB11FIP2 polyclonal antibody (Cat # PAB23154) shows strong cytoplasmic positivity in glandular cells.

### Immunofluorescence

Immunofluorescent staining of human cell line U-2 OS with RAB11FIP2 polyclonal antibody (Cat # PAB23154) at 1-4 ug/mL dilution shows positivity in vesicles.

## Specification

|                     |                                                                                                |
|---------------------|------------------------------------------------------------------------------------------------|
| Product Description | Rabbit polyclonal antibody raised against recombinant RAB11FIP2.                               |
| Immunogen           | Recombinant protein corresponding to amino acids of human RAB11FIP2.                           |
| Sequence            | HMPDANSEFSSGEIQMKSKPKKPFLGQRLSSAHMSDLSGSHMSSEKLKAGTIGQTHLLGHQ<br>LDSFGTVPESGSLKSPHRRTLSFDTSKMN |
| Host                | Rabbit                                                                                         |
| Reactivity          | Human                                                                                          |
| Form                | Liquid                                                                                         |

|                     |                                                                                                                                          |
|---------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| Purification        | Antigen affinity purification                                                                                                            |
| Isotype             | IgG                                                                                                                                      |
| Recommend Usage     | Immunohistochemistry (1:20-1:50)<br>Immunofluorescence (1-4 ug/mL)<br>The optimal working dilution should be determined by the end user. |
| Storage Buffer      | In PBS, pH 7.2 (40% glycerol, 0.02% sodium azide)                                                                                        |
| Storage Instruction | Store at 4°C. For long term storage store at -20°C.<br>Aliquot to avoid repeated freezing and thawing.                                   |
| Note                | This product contains sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.                   |

## Applications

- Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)

Immunohistochemical staining of human stomach with RAB11FIP2 polyclonal antibody (Cat # PAB23154) shows strong cytoplasmic positivity in glandular cells.

- Immunofluorescence

Immunofluorescent staining of human cell line U-2 OS with RAB11FIP2 polyclonal antibody (Cat # PAB23154) at 1-4 ug/mL dilution shows positivity in vesicles.
