

# SBNO1 polyclonal antibody

Catalog # PAB23937      Size 100 uL

## Applications

### Western Blot

Western blot analysis of Lane 1: RT-4, Lane 2: U-251 MG, Lane 3: Human Plasma, Lane 4: Liver, Lane 5: Tonsil with SBNO1 polyclonal antibody (Cat # PAB23937) at 1:250-1:500 dilution.

### Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)

Immunohistochemical staining of human colon with SBNO1 polyclonal antibody (Cat # PAB23937) shows strong nuclear positivity in glandular cells at 1:50-1:200 dilution.

## Specification

|                     |                                                                                                                        |
|---------------------|------------------------------------------------------------------------------------------------------------------------|
| Product Description | Rabbit polyclonal antibody raised against recombinant SBNO1.                                                           |
| Immunogen           | Recombinant protein corresponding to amino acids of human SBNO1.                                                       |

| Host                | Rabbit                                                                                                                 |
| Reactivity          | Human                                                                                                                  |
| Form                | Liquid                                                                                                                 |

|                     |                                                                                                                                       |
|---------------------|---------------------------------------------------------------------------------------------------------------------------------------|
| Purification        | Antigen affinity purification                                                                                                         |
| Isotype             | IgG                                                                                                                                   |
| Recommend Usage     | Immunohistochemistry (1:50-1:200)<br>Western Blot (1:250-1:500)<br>The optimal working dilution should be determined by the end user. |
| Storage Buffer      | In PBS, pH 7.2 (40% glycerol, 0.02% sodium azide)                                                                                     |
| Storage Instruction | Store at 4°C. For long term storage store at -20°C.<br>Aliquot to avoid repeated freezing and thawing.                                |
| Note                | This product contains sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.                |

## Applications

- Western Blot

Western blot analysis of Lane 1: RT-4, Lane 2: U-251 MG, Lane 3: Human Plasma, Lane 4: Liver, Lane 5: Tonsil with SBNO1 polyclonal antibody (Cat # PAB23937) at 1:250-1:500 dilution.

- Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)

Immunohistochemical staining of human colon with SBNO1 polyclonal antibody (Cat # PAB23937) shows strong nuclear positivity in glandular cells at 1:50-1:200 dilution.
