

# DBNDD1 polyclonal antibody

Catalog # PAB24000      Size 100 uL

## Applications

### Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)

Immunohistochemical staining of human breast with DBNDD1 polyclonal antibody (Cat # PAB24000) shows strong nucleolar positivity in glandular cells.

## Specification

|                            |                                                                                                          |
|----------------------------|----------------------------------------------------------------------------------------------------------|
| <b>Product Description</b> | Rabbit polyclonal antibody raised against recombinant DBNDD1.                                            |
| <b>Immunogen</b>           | Recombinant protein corresponding to amino acids of human DBNDD1.                                        |
| <b>Sequence</b>            | MSDQELAEVFADSDDENLNTESAGLHPLPRAGYLRSPSWTRTRAEQSHEKQPLGDPERQATV<br>LDTFLTVE                               |
| <b>Host</b>                | Rabbit                                                                                                   |
| <b>Reactivity</b>          | Human                                                                                                    |
| <b>Form</b>                | Liquid                                                                                                   |
| <b>Purification</b>        | Antigen affinity purification                                                                            |
| <b>Isotype</b>             | IgG                                                                                                      |
| <b>Recommend Usage</b>     | Immunohistochemistry (1:200-1:500)<br>The optimal working dilution should be determined by the end user. |
| <b>Storage Buffer</b>      | In PBS, pH 7.2 (40% glycerol, 0.02% sodium azide)                                                        |

**Storage Instruction**

Store at 4°C. For long term storage store at -20°C.  
Aliquot to avoid repeated freezing and thawing.

**Note**

This product contains sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

## Applications

- Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)

Immunohistochemical staining of human breast with DBNDD1 polyclonal antibody (Cat # PAB24000) shows strong nucleolar positivity in glandular cells.

## Gene Info — DBNDD1

**Entrez GeneID**[79007](#)**Protein Accession#**[Q9H9R9](#)**Gene Name**

DBNDD1

**Gene Alias**

FLJ12582, MGC3101

**Gene Description**

dysbindin (dystrobrevin binding protein 1) domain containing 1
